Isfahan Province Exporters Association visions :

To become a leading institution in export policymaking in the country and a facilitator for exports, assisting members in entering global markets.

انجمن صادرکنندگان استان اصفهان
Isfahan Province Exporters Association

Exporters Association of Isfahan province, whose main mission and goal is to protect the legitimate and legal rights and interests of the members and solve the problems of exporters, which also implies the growth and development of non-oil exports.

This association was established on the eighth day of November 2018 with the efforts of some of the biggest exporters of Isfahan province and its first general meeting was held with the presence of a group of high-ranking officials and managers and a significant number of selected Isfahan exporters to elect the board of directors to formalize his policies and strategies and create a new organization in the country's economic arena.

At present, the association has more than 80 members from exemplary and active provincial exporters, whose number is increasing.

By equipping the expert department, the exporters' association succeeded in conducting basic studies on issues and problems of the industry in the field of exports, economic laws and commenting on legal plans and bills, reviewing the decisions and solutions of the government and presenting new proposals for completeness and comprehensiveness, give them, organize and hold regular monthly meetings with the members of the board of directors to discuss issues related to exports.

In addition to the mentioned goals, the realization of the following is also considered one of the basic duties of the association:

1. Interaction with the government or responsible institutions, regarding the solution of export problems and exporters

Organizing and holding conferences, commercial and export seminars inside and outside the country

Effective presence in domestic and foreign specialized exhibitions

2. Formation of specialized committees and think tanks, in order to collect members' opinions and follow up on problems raised by members.

3. Evaluating the resources, facilities and export capacities of the country and its compliance with market expectations

Studying and investigating the legal and structural problems of export and solving exporters' problems by providing solutions and suggestions to export companies and politicians and decision-makers in the field of export.

4. Identifying the market of Iran's export goods abroad and prioritizing the target markets for export

5. Carrying out research projects in cases related to the field of activity of the association, which are carried out exclusively at the request of members

6. Providing technical and specialized advice to exporters

7. Holding workshops and educational seminars in the field of export

8. Efforts to acquire new markets and maintain and expand current markets in the world

9. Identifying and preparing favorable conditions for domestic and foreign export cooperation and facilitating foreign investment

10. Performing any service that is effective in the direction of export development and is related to the purpose of the association.

11. Protecting and safeguarding the rights of members at all levels, using laws and regulations in all relevant bodies
